Zodiac Signs: Aquarius Taylor Moon 2019-12-31 A new series of sign-by-sign guides from contemporary astrologers. Astrology is a vital tool for understanding our place in the world and the universal forces that move us. A cosmic calling rather than a fated destiny, our astrological sign is a key to uncovering our mission here on earth. Learn about how your sign grows from child to adult, fits in at school and at work, and functions best as a friend, lover, parent, and more. In these practical and empowering guides to the zodiac signs, contemporary astrologers teach you to use this dynamic language to better understand yourself and the people around you.

Breakdowns Art Spiegelman 2008-10-07 The creator of the Pulitzer Prize-winning Maus explores the comics form ... and how it formed him! This book opens with Portrait of the Artist as a Young %@*!, creating vignettes of the people, events, and comics that shaped Art Spiegelman. It traces the artist's evolution from a MAD-comics obsessed boy in Rego Park, Queens, to a neurotic adult examining the effect of his parents' memories of Auschwitz on his own son. The second part presents a facsimile of Breakdowns, the long-sought after collection of the artist's comics of the 1970s, the book that triggers these memories. Breakdowns established the mode of formally sophisticated comics that transformed the medium, and includes the prototype of Maus, cubist experiments, an essay on humor, and the definitive genre-twisting pulp story "Ace Hole-Midget Detective." Pulling all this together is an illustrated essay that looks back at the sixties as the artist pushes sixty, and explains the obsessions that brought these works into being. Poignant, funny, complex, and innovative, Breakdowns alters the terms of what can be accomplished in a memoir.

Møkkalekser Anne Lene Johnsen 2021-08-03 Møkkalekser! er en verktøykasse for deg som vi gi barnet ditt mer læringsglede. Opplever du og familien at det stadig blir krangling rundt leksene? Går skolearbeidet ut over lek, hygge og kvalitetstid i familien? Gruer du deg til å skulle hjelpe barnet ditt, fordi du vet dere begge kommer til kort og at lekkesituasjonen ender opp i tårer og bråk? I Møkkalekser! får du de beste tipsene for å hjelpe barnet ditt, slik at dere kommer ut av den negative spiralen og inn på et bedre spor. Her får du lære om hvordan du kan: forstå mer om årsakene til at barnet ditt strever med leksene - og gjøre noe med dem; sette noen viktige kunnskapshull; gi barnet ditt flere aha-opplevelser og en større opplevelse av mestring; og bevare harmonien og husfreden slik at leksekonfliktene ikke går ut over relasjonen mellom deg og barnet ditt. Boken inneholder praktiske øvelser og begrepsliste, og er beregnet på alle elever i grunnskolen fra 1.-10. klasse. Den inkluderer også ekstra tips til barnehager, lærere og deg med små barn. Dette er en ny bok av forfatterne bak Hvordan fatte matte (2017) og Hvordan fatte norsk (2018), Elin Natås og Anne Lene Johnsen. Elin Natås er spesialpedagog og har i mer enn 25 år jobbet med barn som har strevd med læring og konsentrasjon. Anne Lene Johnsen har i mange år formidlet kunnskap om hvordan vi får hjernen til å virke best mulig, og skrevet flere hjernetrimbøker.

The Fast 800 Recipe Book Dr Clare Bailey 2019-06-20 Australian and New Zealand edition The highly anticipated companion to the No.1 bestseller The Fast 800 150 delicious new recipes to help you combine rapid weight loss and intermittent fasting for long term good health Foreword by Dr Michael Mosley This companion cookbook to the international bestseller The Fast 800 by Dr Michael Mosley is filled with delicious, easy, low carb recipes and essential weekly meal planners, all carefully formulated by Dr Clare Bailey and Justine Pattison to help you lose weight, improve mood and reduce blood pressure, inflammation and blood sugars. Studies show that 800 calories is the magic number when it comes to successful dieting. It's high enough to be manageable, but low enough to speed weight loss and trigger a range of positive metabolic changes. In The Fast 800, Dr Michael Mosley brought together all the latest science, including Time Restricted Eating, to create an easy-to-follow programme, and this collection of all-new recipes, all photographed in full colour, will help you achieve all your goals. Every recipe is also calorie coded and noted with nutrition metrics to help you on your path to long term health. 'This diet changed my life' Denise Bach, aged 51

The Official Downton Abbey Cocktail Book Downton Abbey 2019-09-17 Raise a glass to the elegant past with this collection of drinks recipes inspired by the beloved historical drama. Cocktails were introduced in the drawing rooms of Downton Abbey in the 1920s, when US prohibition inspired the popularity of American-style bars and bartenders in Britain. This well-curated selection of recipes is organized by the rooms in the Abbey in which the drinks were served, and spans everyday sips to party drinks plus hangover helpers and more. In addition to classic concoctions like a Mint Julep, Prince of Wales Punch, and Ginger Beer, this collection features character-specific variations such as Downton Heir, Turkish Attaché, The Valet, and The Chauffeur. The recipes reflect drinks concocted and served upstairs and down, as well as libations from village fairs, cocktail parties, and restaurant menus typical of the time. The book also includes tips, historical trivia, and over forty color photographs featuring cocktails and cast members.

Zodiac Signs: Cancer Alice Sparkly Kat 2019-12-31 A new series of sign-by-sign guides from contemporary astrologers. Astrology is a vital tool for understanding our place in the world and the universal forces that move us. A cosmic calling rather than a fated destiny, our astrological sign is a key to uncovering our mission here on earth. In these practical and empowering guides to the zodiac signs, contemporary astrologers teach you to use this dynamic language to better understand yourself and the people around you.

See You Tomorrow Tore Renberg 2015-05 Pal has a shameful secret that has dragged him into huge debt, much bigger than he can ever hope to repay on his modest civil servant salary. He desperately doesn't want anybody to find out - especially not his teenage daughters or his ex-wife. It is time to get creative. Sixteen-year-old Sandra also has a secret. She is in love with the impossibly charming delinquent Daniel William, a love so strong and pure that nothing can come in its way. Not her concerned parents, not Jesus, and certainly not some other girl. Cecilie carries the biggest secret of them all, a baby growing inside her.

When the Robbers Came to Cardamom Town Thorbjørn Egner 1993 Three robbers are caught stealing from the baker and go to jail. There the townspeople show the robbers how good it feels to be clean and neat, well barbered, and well fed. Just as they get out of jail, Old Tobias's tower catches fire and the robbers save his pets and home.

Keep Saying Their Names Simon Stranger 2020-05-19 An extraordinary work of fiction, inspired by historical events--an exquisitely crafted double portrait of a Nazi war criminal and a family savaged by World War II, conjoined by an actual house of horrors they both called home On a street in modern-day Norway, a writer kneels with his son and tells him that according to Jewish tradition, a person dies twice: first when their heart stops beating, and then again the last time their name is read or thought or said. Before them is a stone engraved with the name Hirsch Komissar, the boy's great-great-grandfather who was murdered by Nazis. The man who sent Komissar to his death was one of Norway's vilest traitors, Henry Oliver Rinnan, a Nazi double agent who set up headquarters in an unspectacular suburban house and transformed the cellar into a torture chamber for resisters, a place to be avoided and feared. That is until Komissar's own son, Gerson, and his young wife, Ellen, take up residence in the house after the war. While their daughters spend a happy childhood playing in the same rooms where some of the most heinous acts of the occupation occurred, the weight of history threatens to pull the couple apart. In Keep Saying Their Names, Simon Stranger uses this unusual twist of fate to probe five generations of intimate and global history, seamlessly melding fact and fiction, creating a brilliant lexicon of light and dark. The resulting novel reveals how evil is born in some and courage in others--and seeks to keep alive the names of those lost.

Jabberwocky and Other Nonsense Lewis Carroll 2012-09-06 The first collected and annotated edition of Carroll's brilliant, witty poems, edited by Gillian Beer. 'Twas brillig, and the slithy toves / Did gyre and gimble in the wabe...' wrote Lewis Carroll in his wonderfully playful poem of nonsense verse, 'Jabberwocky'. This new edition collects together the marvellous range of Carroll's poetry, including nonsense verse, parodies, burlesques, and more. Alongside the title piece are such enduringly wonderful pieces as 'The Walrus and the Carpenter', 'The Mock Turtle's Song', 'Father William' and many more. This edition also includes notes, a chronology and an introduction by Gillian Beer that discusses Carroll's love of puzzles and wordplay and the relationship of his poetry with the Alice books 'Opening at random Gillian Beer's new edition of Lewis Carroll's poems, Jabberwocky and Other Nonsense, guarantees a pleasurable experience - not all of it nonsensical' - Times Literary Supplement Lewis Carroll was the pen-name of the Reverend Charles Lutwidge Dodgson. Born in 1832, he was

educated at Rugby School and Christ Church, Oxford, where he was appointed lecturer in mathematics in 1855, and where he spent the rest of his life. In 1861 he took deacon's orders, but shyness and a stammer prevented him from seeking the priesthood. His most famous works, Alice's Adventures in Wonderland (1865) and Through the Looking-Glass (1872), were originally written for Alice Liddell, the daughter of the Dean of his college. Charles Dodgson died of bronchitis in 1898. Gillian Beer is King Edward VII Professor Emeritus of English at the University of Cambridge and past President of Clare Hall College. She is a Fellow of the British Academy and of the Royal Society of Literature. Among her works are Darwin's Plots (1983; third edition, 2009), George Eliot (1986), Arguing with the Past: Essays in Narrative from Woolf to Sidney (1989), Open Fields: Science in Cultural Encounter (1996) and Virginia Woolf: The Common Ground (1996).

Lockdown Peter May 2020-04-01 'They said that twenty-five percent of the population would catch the flu. Between seventy and eight percent of them would die. He had been directly exposed to it, and the odds weren't good.' A CITY IN QUARANTINE London, the epicenter of a global pandemic, is a city in lockdown. Violence and civil disorder simmer. Martial law has been imposed. No-one is safe from the deadly virus that has already claimed thousands of victims. Health and emergency services are overwhelmed. A MURDERED CHILD At a building site for a temporary hospital, construction workers find a bag containing the rendered bones of a murdered child. A remorseless killer has been unleashed on the city; his mission is to take all measures necessary to prevent the bones from being identified. A POWERFUL CONSPIRACY D.I. Jack MacNeil, counting down the hours on his final day with the Met, is sent to investigate. His career is in ruins, his marriage over and his own family touched by the virus. Sinister forces are tracking his every move, prepared to kill again to conceal the truth. Which will stop him first - the virus or the killers? Written over fifteen years ago, this prescient, suspenseful thriller is set against a backdrop of a capital city in quarantine, and explores human experience in the grip of a killer virus.

Moxie Jennifer Mathieu 2017-09-19 Now a Netflix Original Film directed by Amy Poehler! "Moxie is sweet, funny, and fierce. Read this and then join the fight."-Amy Poehler An unlikely teenager starts a feminist revolution at a small-town Texas high school in this novel from Jennifer Mathieu, author of The Truth About Alice. MOXIE GIRLS FIGHT BACK! Vivian Carter is fed up. Fed up with an administration at her high school that thinks the football team can do no wrong. Fed up with sexist dress codes, hallway harassment, and gross comments from guys during class. But most of all, Viv Carter is fed up with always following the rules. Viv's mom was a tough-as-nails, punk rock Riot Grrrl in the '90s, and now Viv takes a page from her mother's past and creates a feminist zine that she distributes anonymously to her classmates. She's just blowing off steam, but other girls respond. As Viv forges friendships with other young women across the divides of cliques and popularity rankings, she realizes that what she has started is nothing short of a girl revolution. Moxie is a book about high school life that will make you wanna riot! Also by Jennifer Mathieu: The Truth About Alice: A powerful look at slut-shaming, told through the perspectives of four small-town teens, about how everyone has a motive to bring-and keep-a teen girl down. Devoted: A girl with a controlling, conservative family realizes that her life is her own-if only she can find the courage to fight for it. Afterward: A tragic kidnapping leads to an unlikely friendship in this novel about finding light in the midst of darkness. Praise for Moxie: "With a story that's equal parts heart and instruction manual, Mathieu has captured the movement of a generation-warts and all-and shone a light forward for the next one." -E. K. Johnston, #1 New York Times Bestselling author of Exit Pursued by a Bear "Vivian Carter and Moxie are strong and smart and so, so inspiring. She is my new hero and this is my new favorite book. I'm proud to be a Moxie girl." -Jennifer Niven, New York Times best-selling author of All the Bright Places and Holding Up the Universe "From its soul-deep girl friendships to its swoony love story to its smart, gutsy heroine, Moxie is a ferocious joy. I could feel my heart-and my courage-getting bigger every time I turned the page." -Katie Cotugno, New York Times best-selling author of 99 Days and How to Love "Moxie is an anthem, a how-to guide, and that best friend who says, 'You matter, too!'" -Sherri L. Smith, author of Pasadena and Flygirl "Like the addictive riff of a punk rock song, Moxie will pull you in, inspire you, and kick you back out into the world with a burning desire to change it. Read this. Now." -Jenny Torres Sanchez, author of Because of the Sun "An invaluable revelation." -Booklist, starred review "This novel is full of wit, insight, and moxie. . . . Highly recommended for all teens, but especially those who would enjoy realistic coming-of-age fiction with female empowerment." -School Library Journal, starred review "Satisfying and moving." -Publishers Weekly

The District Governor's Daughters Camilla Collett 1992 "Considered the first Norwegian feminist novel - timeless in its evocation of real human emotions and the dilemmas they present."--Publishers Weekly. "A historical milestone in the development of Norwegian feminism, the novel was also a significant i

The World Atlas of Wine 8th Edition Hugh Johnson 2019-10-01 "The most useful single volume on wine ever published... If I owned only one wine book, it would be this one." - Andrew Jefford, Decanter Few wine books can be called classic, but the first edition of The World Atlas of Wine made publishing history when it appeared in 1971. It is recognized by critics as the essential and most authoritative wine reference work available. This eighth edition will bring readers, both old and new, up to date with the world of wine. To reflect all the changes in the global wine scene over the past six years, the Atlas has grown in size to 416 pages and 22 new maps have been added to the wealth of superb cartography in the book. The text has been given a complete overhaul to address the topics of most vital interest to today's wine-growers and drinkers. With beautiful photography throughout, Hugh Johnson and Jancis Robinson, the world's most respected wine-writing duo, have once again joined forces to create a classic that no wine lover can afford to be without. "The World Atlas of Wine is the single most important reference book on the shelf of any wine student." - Eric Asimov, New York Times "Like a good bottle of wine, you'll find yourself going back to it again and again... Perfect for anyone who has a thirst for greater wine knowledge." - Edward Deitch, NBC/today.com "The World Atlas of Wine belongs on your shelf... The essential rootstock of any true wine lover's library. A multi-layered snapshot of wine and how it has evolved." - Dave McIntyre, Washington Post

Kunstig generell intelligens Vasil Teigens 2020-01-30 Kunstig generell intelligens (AGI) er intelligensen til en maskin som kan forstå eller lære enhver intellektuell oppgave som et menneske kan. Det er et primært mål for noe kunstig intelligensforskning og et vanlig tema i science fiction og futures-studier. AGI kan også bli referert til som sterk AI, full AI eller generell intelligent handling. (Noen akademiske kilder forbeholder seg uttrykket "sterk AI" for maskiner som kan oppleve bevissthet.) Noen myndigheter understreker et skille mellom sterk AI og anvendt AI (også kalt smal AI eller svak AI): bruk av programvare for å studere eller utføre spesifikke problemløsnings- eller resonneringsoppgaver. Svak AI, i motsetning til sterk AI, prøver ikke å utføre hele spekteret av menneskelige kognitive evner.

The Book on Games of Chance Gerolamo Cardano 2015-11-04 Mathematics was only one area of interest for Gerolamo Cardano ? the sixteenth-century astrologer, philosopher, and physician was also a prolific author and inveterate gambler. Gambling led Cardano to the study of probability, and he was the first writer to recognize that random events are governed by mathematical laws. Published posthumously in 1663, Cardano's Liber de ludo aleae (Book on Games of Chance) is often considered the major starting point of the study of mathematical probability. The Italian scholar formulated some of the field's basic ideas more than a century before the better-known correspondence of Pascal and Fermat. Although his book had no direct influence on other early thinkers about probability, it remains an important antecedent to later expressions of the science's tenets.

Undervisning i forbrukerkompetanse - en strategi for forbrukerundervisning Nordisk Ministerråd 2010

Three Billy Goats Gruff 2000 A retelling of a fairy tale by Peter Christen Asbjørnsen, in which three clever billy goats outwit a mean, ugly troll that lives under the bridge they must cross on their way to a grassy pasture.

William Wenton and the Secret Portal Bobbie Peers 2019-07-09 William Wenton is a code-breaking genius, but now he faces a new threat-one that's lurking inside him-in the second book in the William Wenton series that School Library Journal calls "part Alex Rider, part Da Vinci Code for kids, and part Artemis Fowl." After William starts to suffer from mysterious fits that leave him unable to control his body-let alone crack codes-he worries that the metal inside him is acting up. There's only one place he can go for answers: the Institute for Post-Human Research. But nothing at the Institute is the same. His room is more like a cell, and outside the window, huge searchlights sweep the skies and robot vehicles roam the grounds. William's old teachers won't tell him what's going on although it's obvious that everyone is frightened of something-or someone. When his friend Iscia finally arrives, William thinks he may have found an ally, but she's hiding things as well. As more secrets are revealed, William realizes that no one has been telling him the truth and that he may not be able to trust anyone. He's going to have to rely on his wits and his abilities to solve the mystery of what is behind the strange events at the Institute and what it all means for him.

Villages John Updike 2007-12-18 In this wry novel of sentimental education and sexual pursuit, we follow Owen Mackenzie, a representative man of the author's generation, from cradle to grave, and from bed to bed. His life and relationships are shaped by three villages, warm-lit communities that keep the darkness at bay from within and without. In Willow, Pennsylvania, the young Owen is transfixed by his first glimpses of female beauty. In Middle Falls, Connecticut, he marries, becomes a first-wave computer programmer, and discovers the very grownup pleasures of serial adultery. Finally, married for a second time, he retires with his memories, illusions, and fantasies to the somewhat geriatric community of Haskells Crossing, Massachusetts. John Updike turns Owen's personal odyssey into a radiant, sensual fable of the seasons of a man's life-and of the getting of wisdom in America.

Where's Wally? Martin Handford 2012

Hilo Book 7: Gina---The Girl Who Broke the World Judd Winick 2021-02-02 "An action-packed page turner with heart!"--Dav Pilkey, author of DOGMAN Hilo's back! beings are appearing and only GINA can see them. Not to mention, Gina can somehow do magic herself. Magic is powerful. But it can also be DANGEROUS. With DJ and HILO's help, can Gina figure out how to protect the magical beings from the creatures who are after them? AND how to use her magic to become who she was always meant to be? And can she do it WITHOUT putting the entire PLANET in JEOPARDY?! Find out in Hilo 7--a laugh-out-loud, action packed adventure filled with epic battles! friendship! annoying older brothers! annoying older sisters! good guys! bad guys! inappropriate jokes! mangoes! magic! and much, much more! Here's what people (and robots!) are saying about Hilo! "Every kid would love a pal like Hilo, and every kid will LOVE this book!" --Lincoln Peirce, author of Big Nate series "A story that can be enjoyed by the entire family." --New York Times

Dregs Jorn Lier Horst 2011-08-12 **WISTING: THE MAJOR TV SHOW NOW ON BBC FOUR** Chief Inspector William Wisting is an experienced policeman who is familiar with the dark side of human nature. He lives in challenging times for the Norwegian police force, meeting them with integrity and humanity, and a fragile belief that he can play a part in creating a better world. Dregs begins with a police report giving the place and time of the discovery of a training shoe washed up on the sand, containing a severed foot from the victim's body. Soon a second shoe is washed up, but it is another left. What is the explanation for this? Has there been some kind of terrible accident at sea? Does it indicate the killing and dismembering of two victims? Is there a link with the unsolved mystery of a number of disappearances in the Larvik area in recent months? In this gripping police procedural, Wisting gradually gets to the bottom of the mystery with the help of his all too human colleagues and his journalist daughter, Line.

The Sharks Jens Bjørneboe 1992 Set at the end of the 19th century, this novel is a tale of mutiny and shipwreck. The narrator, Peder Jensen, is both competent second mate and unworldly philosopher. Esther Greenleaf Muerer has previously translated other works by Jens Bjørneboe, including *Moment of Freedom*.

The Hill We Climb Amanda Gorman 2021-03-30 The instant #1 New York Times bestseller and #1 USA Today bestseller Amanda Gorman's electrifying and historic poem "The Hill We Climb," read at President Joe Biden's inauguration, is now available as a collectible gift edition. "Stunning." -CNN "Dynamic." -NPR "Deeply rousing and uplifting." -Vogue On January 20, 2021, Amanda Gorman became the sixth and youngest poet to deliver a poetry reading at a presidential inauguration. Taking the stage after the 46th president of the United States, Joe Biden, Gorman captivated the nation and brought hope to viewers around the globe with her call for unity and healing. Her poem "The Hill We Climb: An Inaugural Poem for the Country" can now be cherished in this special gift edition, perfect for any reader looking for some inspiration. Including an enduring foreword by Oprah Winfrey, this remarkable keepsake celebrates the promise of America and affirms the power of poetry.

Sluggert 2019 Stockholm swelters in an unrelenting heatwave, tensions between fascists and communists simmer past boiling point, and the city feels like a pressure cooker. Harry Kvist wants out. Before he can leave, his old friend and former lover Reverend Gabriellsson is brutally murdered. Kvist notes the police are more interested in fuelling anti-Semitic rhetoric than catching the killer, so he decides to take on one last case. During the investigation the former boxer stumbles on a Nazi terrorist plot, uncovers police corruption, and is caught up in a brewing turf war between two of Stockholm's worst gangs. With his back firmly up against the ropes, can Kvist turn this fight around, or will he finally tap out?

Brown Cheese, Please! Jenny K. Blake 2013-06-28 In her charming and witty manner of drawing, Australian Jenny K. Blake depicts the Norwegians like no one has done before. Through her eye of humoristic details she describes everything from packet lunch to cheese slicers and the Norwegians precarious relationship with alcohol. Med sin sjarmerende og morsomme strek tar australske Jenny K. Blake nordmenn på kornet slik ingen har gjort det før henne! Med sitt blikk for humoristiske detaljer skildrer hun alt fra matpakker med mellomleggspapir til tørrfisk, ostehøvl, hytteliv og alkoholvaner.

The Fountainhead Ayn Rand 2005-04-26 The revolutionary literary vision that sowed the seeds of Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction--that man's ego is the fountainhead of human progress... "A writer of great power. She has a subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I can recall."--The New York Times

Real Tigers Mick Herron 2016 When one of their own is kidnapped by a vengeful former soldier, the "slow horses"--Disgraced MI5 operatives reassigned to administrative jobs--find themselves back in the game when they uncover a conspiracy that threatens the very future of MI5 itself.

The Road to the World's End Sigurd Hoel 1995 Sigurd Hoel (1890-1960) was one of the most influential literary figures in Norway between the wars. His scope was broad; besides being a major novelist, he was a subtle and incisive literary critic, a vigorous cultural commentator, and a distinguished editor. The poet Andre Bjerke said at Hoel's death in 1960: "Had he written in English, he would have had a worldwide reputation." Among Hoel's major writings are *The Road to the World's End*, *The Troll Circle*, and *Meeting at the Milestone*. *The Road to the World's End* is a classic study of childhood and adolescence. Though the book has a dense image structure and a thematic range and depth that only an adult mind and sensibility could master, throughout its changing perspectives the narrational voice remains that of a growing child and a developing teenager.

The Road to Jerusalem IP Jan Guillou 2009-04-21 For power. For passion. For glory. The epic story of the knights templar. Born in 1150 to a noble family in the Kingdom of Western Götaland, young Arn Magnusson is marked early on by a miraculous and fateful event. When the boy inexplicably recovers after falling from the parapet of his ancestral home, his mother finds herself beholden to a promise made in a moment of prayer. Arn, second-born son of Magnus Folkesson, will live his life in the service of God--sent from his family to do holy work and to prepare for a position in the priory. At Varnhem monastery, Arn comes of age under the tutelage of Father Henri, a Cistercian monk devoted to his aristocratic pupil's education. However, grammar, math, and logic are not the only lessons: Brother Guilbert, the monastery blacksmith and former Knight Templar, finds Arn adept at training of a very different kind. Observing the boy's extraordinary talent with horse, sword, and bow, Father Henri, trusting in God's will, sends his charge into the world to fulfill a destiny that lies beyond the cloister walls. Returning home, Arn finds his monastic habits at odds with his clan's old and tested ways. Yet his family soon discovers that Arn has learned more than poetry and farm work, and he proves himself useful at a time when he is needed most. The murder of a king has brought Western Götaland into a whirlwind of intrigue, and cunning lords from East and West are vying for power. And, when Arn meets the lovely Cecilia, he discovers this new and dangerous world holds other surprises too. Before he can claim her hand, however, the headstrong and naive noble makes a fateful mistake that will wrench him from his love and send him to a foreign war--to the Holy Land to battle infidels for twenty years. From the frozen landscapes of Northern Europe to the bloody battlefields of the Middle East, Arn will face brave knights, powerful queens, and treacherous kings. The first book in the international bestselling *Crusades Trilogy*, this thrilling epic of betrayal, faith, blood, and love sets "a Shakespearian quest for power" (*Corriere della Sera*, Italy) against the backdrop of the Holy Wars, witnessed through a vibrant, unorthodox lens.

Modifying Your Thinking Classroom for Different Settings Peter Liljedahl 2021-08-17 Keep thinking...keep learning in different settings In Peter Liljedahl's bestselling *Building Thinking Classrooms in Mathematics: 14 Teaching Practices for Enhancing Learning*, readers discovered that thinking is a precursor to learning. Translating 15 years of research, the anchor book introduced 14 practices that have the most potential to increase student thinking in the classroom and can work for any teacher in any setting. But how do these practices work in a classroom with social distancing or in settings that are not always face-to-face? This follow-up supplement will answer those questions, and more. It walks teachers through how to adapt the 14 practices for 12 distinct settings, some of which came about as a result of the COVID-19 pandemic. This guide: Provides the what, why, and how to adapt each practice in face-to-face settings that require social distancing, fixed seating, or small class sizes; synchronous and asynchronous virtual settings; synchronous and asynchronous hybrid settings; independent learning; and homeschooling. Includes guidance on using thinking classroom practices to support students in unfinished learning in small groups and one-on-one teaching or tutoring. Offers updated toolkits and a recommended order for the implementation of the practices for each of the settings. This supplement allows teachers to dip in as needed and continually modify the practices as their own classroom situations change and evolve, always keeping the thinking at the forefront of their mathematics teaching and learning.

Kunstig intelligens: Den fjerde industrielle revolusjon Vasil Teigens 2020-01-30 Den fjerde industrielle revolusjon representerer en grunnleggende endring i måten vi lever, jobber og forholder oss til hverandre på. Det er et nytt kapittel innen menneskelig utvikling, muliggjort av ekstraordinære teknologiske fremskritt som står i forhold til de første, andre og tredje industrielle revolusjoner. Disse fremskrittene fusjonerer de fysiske, digitale og biologiske verdenene på måter som skaper både enormt løfte og potensiell fare. Hastigheten, bredden og dybden av denne revolusjonen tvinger oss til å revurdere hvordan land utvikler seg, hvordan organisasjoner skaper verdi og til og med hva det vil si å være mennesker. Kunstig intelligens i dag er riktig kjent som smal AI (eller svak AI), iog med at den er designet for å utføre en smal oppgave (f.eks. Bare ansiktsgjenkjenning eller bare internettsøk eller bare kjøre bil). Imidlertid er det langsiktige målet

for mange forskere å lage generell AI (AGI eller sterk AI). Selv om smal AI kan utkonkurrere mennesker på hva som helst den spesifikke oppgaven er, som å spille sjakk eller løse ligninger, ville AGI overgå mennesker på nesten alle kognitive oppgaver.

Zodiac Signs: Aries Jeff Hinshaw 2019-12-31 A new series of sign-by-sign guides from contemporary astrologers. Astrology is a vital tool for understanding our place in the world and the universal forces that move us. A cosmic calling rather than a fated destiny, our astrological sign is a key to uncovering our mission here on earth. Learn about how your sign grows from child to adult, fits in at school and at work, and functions best as a friend, lover, parent, and more. In these practical and empowering guides to the zodiac signs, contemporary astrologers teach you to use this dynamic language to better understand yourself and the people around you.

Hedda Gabler and Other Plays Henrik Ibsen 2003-10-30 In these three unforgettably intense plays, Henrik Ibsen explores the problems of personal and social morality that he perceived in the world around him and, in particular, the complex nature of truth. The Pillars of the Community (1877) depicts a corrupt shipowner's struggle to hide the sins of his past at the expense of another man's reputation, while in The Wild Duck (1884) an idealist, believing he must tell the truth at any cost, destroys a family by exposing the lie behind his friend's marriage. And Hedda Gabler (1890) portrays an unhappily married woman who is unable to break free from the conventional life she has created for herself, with tragic results for the entire family.

Mobile Learning and Mathematics Helen Crompton 2015-02-11 Mobile Learning and Mathematics provides an overview of current research on how mobile devices are supporting mathematics educators in classrooms across the globe. Through nine case studies, chapter authors investigate the use of mobile technologies over a range of grade levels and mathematical topics, while connecting chapters provide a strong foundational background in mobile learning theories, instructional design, and learner support. For current educators, Mobile Learning and Mathematics provides concrete ideas and strategies for integrating mobile learning into their mathematics instruction—for example, by sharing resources that will help implement Common Core State Standards, or by streamlining the process of selecting from the competing and often confusing technology options currently available. A cutting edge research volume, this collection also provides a springboard for educational researchers to conduct further study.

Augustus John Williams 2014-08-19 WINNER OF THE 1973 NATIONAL BOOK AWARD By the Author of Stoner In Augustus, his third great novel, John Williams took on an entirely new challenge, a historical narrative set in classical Rome, exploring the life of the founder of the Roman Empire. To tell the story, Williams turned to the epistolary novel, a genre that was new to him, transforming and transcending it just as he did the western in Butcher's Crossing and the campus novel in Stoner. Augustus is the final triumph of a writer who has come to be recognized around the world as an American master.
