**Hitler's Shadow** Richard Breitman 2011-04-01 This report is based on findings from newly-declassified decades-old Army and CIA records released under the Nazi War Crimes Disclosure Act of 1998. These records were processed and reviewed by the National Archives-led Nazi War Crimes and Japanese Imperial Government Records Interagency Working Group. The report highlights materials opened under the Act, in addition to records that were previously opened but had not been mined by historians and researchers, including records from the Office of Strategic Services (a CIA predecessor), dossiers of the Army Staff's Intelligence Records of the Investigative Records Repository, State Dept. records, and files of the Navy Judge Advocate General. This is a print on demand report.

**Berlin Diary** William L. Shirer 2011-10-23 The author of the international bestseller *The Rise and Fall of the Third Reich* offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, Führer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, *The Rise and Fall of the Third Reich*, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. *Berlin Diary* is Shirer's first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author's thoughts and experiences while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer's *Berlin Diary* is an essential historical record that illuminates one of the darkest periods in human civilization.

**Hitler** Fredrick Carl Redlich 2000 Redlich draws upon Hitler's medical records to show what transformed the dictator from an aimless, friendless, and vaguely resentful youth into the most destructive force of the 20th century. 22 illustrations.

**Sport and Physical Education in Germany** Ken Hardman 2005-07-26 Sport and physical education represent important components of German national life, from school and community participation, to elite, international level sport. This unique and comprehensive collection brings together material from leading German scholars to examine the role of sport and PE in Germany from a range of historical and contemporary perspectives. Key topics include: \* sport and PE in pre-war, post war and re-unified Germany \* sport and PE in schools \* coach education \* elite sport and sport science \* women and sport \* sport and recreation facilities. This book offers an illuminating insight into how sport and PE have helped to shape Germany. It represents fascinating reading for anyone with an interest in the history and sociology of sport, and those working in German studies.

**Germany as a Culture of Remembrance Alon Confino 2017-03-01** *An acknowledged authority on German history and memory, Alon Confino presents in this volume an original critique of the relations between nationhood, memory, and history, applied to the specific case of Germany. In ten essays (three never before published and one published only in German), Confino offers a distinct view of German nationhood in particular and of nationhood in general as a product of collective negotiation and exchange between the many memories that exist in the nation. The first group of essays centers on the period from 1871 to 1990 and explores how Germans used conceptions of the local, or Heimat, to identify what it meant to be German in a century of ideological upheavals. The second group of essays comprehensively critiques and analyzes the ways laypersons and scholars use the notion of memory as a tool to understand the past. Arguing that the case of Germany contains particular characteristics with broader implications for the way historians practice their trade, Germany as a Culture of Remembrance examines the limits and possibilities of writing history.*  
**The City Becomes a Symbol William Stivers 2017-08** *"This book covers the U.S. Army's occupation of Berlin from 1945 to 1949. This time includes the end of WWII up to the end of the Berlin Airlift. Talks about the set up of occupation by four-power rule."--Provided by publisher*
