A Summary View of the Rights of British America Thomas Jefferson 1774 This pamphlet is Thomas Jefferson's personal copy of A Summary View of the Rights of British America, which he originally drafted in July 1774 as a set of instructions for the Virginia delegates to the first Continental Congress. Jefferson argued that the British Parliament had no rights to govern the colonies, which he claimed had been independent since their founding. He also described the usurpations of power and deviations from law committed by King George III and Parliament. Jefferson was not present in the Virginia House when his draft instructions were debated and the House adopted a more moderate position than the one he articulated, but his friends had his instructions published in pamphlet form. The pamphlet was circulated in London, as well as in Philadelphia and New York, and helped to establish Jefferson's reputation as a skillful, if radical, political writer.

What Universities Owe Democracy Ronald J. Daniels 2021-10-05 Introduction -- American dreams : access, mobility, fairness -- Free minds : educating democratic citizens -- Hard facts : knowledge creation and checking power -- Purposeful pluralism : dialogue across difference on campus -- Conclusion.

A Republic, If You Can Keep It Neil Gorsuch 2019-09-10 NEW YORK TIMES BESTSELLER • Justice Neil Gorsuch reflects on his journey to the Supreme Court, the role of the judge under our Constitution, and the vital responsibility of each American to keep our republic strong. As Benjamin Franklin left the Constitutional Convention, he was reportedly asked what kind of government the founders would propose. He replied, "A republic, if you can keep it." In this book, Justice Neil Gorsuch shares personal reflections, speeches, and essays that focus on the remarkable gift the framers left us in the Constitution. Justice Gorsuch draws on his thirty-year career as a lawyer, teacher, judge, and justice to explore essential aspects our Constitution, its separation of powers, and the liberties it is designed to protect. He discusses the role of the judge in our constitutional order, and why he believes that originalism and textualism are the surest guides to interpreting our nation's founding documents and protecting our freedoms. He explains, too, the importance of affordable access to the courts in realizing the promise of equal justice under law—while highlighting some of the challenges we face on this front today. Along the way, Justice Gorsuch

reveals some of the events that have shaped his life and outlook, from his upbringing in Colorado to his Supreme Court confirmation process. And he emphasizes the pivotal roles of civic education, civil discourse, and mutual respect in maintaining a healthy republic. *A Republic, If You Can Keep It* offers compelling insights into Justice Gorsuch's faith in America and its founding documents, his thoughts on our Constitution's design and the judge's place within it, and his beliefs about the responsibility each of us shares to sustain our distinctive republic of, by, and for "We the People."

The Distance Learning Playbook, Grades K-12 Douglas Fisher 2020-07-07 Effective teaching is effective teaching, no matter where it occurs. The pandemic teaching of mid-2020 was not really distance learning, but rather crisis teaching. But starting now, teachers have the opportunity to prepare for distance learning with purpose and intent—using what works best to accelerate students' learning all the while maintaining an indelible focus on equity. Harnessing the insights and experience of renowned educators Douglas Fisher, Nancy Frey, and John Hattie, *The Distance Learning Playbook* applies the wisdom and evidence of *VISIBLE LEARNING®* research to understand what works best with distance learning. Spanning topics from teacher-student relationships, teacher credibility and clarity, instructional design, assessments, and grading, this comprehensive playbook details the research- and evidence-based strategies teachers can mobilize to deliver high-impact learning in an online, virtual, and distributed environment. This powerful guide includes:

- Learning Intentions and Success Criteria for each module to track your own learning and model evidence-based teacher practices for meaningful learning
- A diversity of instructional approaches, including direct instruction, peer learning, and independent work that foster student self-regulation and move learning to deep and transfer levels
- Discussion of equity challenges associated with distance learning, along with examples of how teachers can work to ensure that equity gains that have been realized are not lost.
- Special guidance for teachers of young children who are learning from a distance
- Videos of the authors and teachers discussing a wide variety of distance learning topics
- Space to write and reflect on current practices and plan future instruction

The Distance Learning Playbook is the essential hands-on guide to preparing and delivering distance learning experiences that are truly effective and impactful.

Our Rights David J. Bodenhamer 2007 "This boxed set contains classroom resources to help America's educators teach about the most important documents in U.S. history"—Box

The Law of the Land Akhil Reed Amar 2015-04-14 From Kennebunkport to Kauai, from the Rio Grande to the Northern Rockies, ours is a vast republic. While we may be united under one Constitution, separate and distinct states remain, each with its own constitution and culture. Geographic idiosyncrasies add more than just local character. Regional understandings of law and justice have shaped and reshaped our nation throughout history. America's Constitution, our founding and unifying document, looks slightly different in California than it does in Kansas. In *The Law of the Land*, renowned legal scholar Akhil Reed Amar illustrates how geography, federalism, and regionalism have influenced some of the biggest questions in American constitutional law. Writing about Illinois, "the land of Lincoln," Amar shows how our sixteenth president's ideas about secession were influenced by his Midwestern upbringing and outlook. All of today's Supreme Court justices, Amar notes, learned their law in the Northeast, and New Yorkers of various sorts dominate the judiciary as never before. The curious *Bush v. Gore* decision, Amar insists, must be assessed with careful attention to Florida law and the Florida Constitution. The second amendment appears in a particularly interesting light, he argues, when viewed from the perspective of Rocky Mountain cowboys and cowgirls. Propelled by Amar's distinctively smart, lucid, and engaging prose, these essays allow general readers to see the historical roots of, and contemporary solutions to, many important

constitutional questions. *The Law of the Land* illuminates our nation's history and politics, and shows how America's various local parts fit together to form a grand federal framework.

A Picture Book of Rosa Parks David A. Adler 2018-01-01 "Teachers will welcome [this treatment of]...a simple, clear biography of Rosa Parks...The male narrator reads clearly and unemotionally, presenting the facts as Adler reports them...A good addition to collections." - *School Library Journal*

National Education Technology Plan Arthur P. Hershaft 2011 *Education is the key to America's economic growth and prosperity and to our ability to compete in the global economy. It is the path to higher earning power for Americans and is necessary for our democracy to work. It fosters the cross-border, cross-cultural collaboration required to solve the most challenging problems of our time. The National Education Technology Plan 2010 calls for revolutionary transformation. Specifically, we must embrace innovation and technology which is at the core of virtually every aspect of our daily lives and work. This book explores the National Education Technology Plan which presents a model of learning powered by technology, with goals and recommendations in five essential areas: learning, assessment, teaching, infrastructure and productivity.*

The Right to Privacy Samuel Warren 2019-04-02

The Bill of Rights Linda R. Monk 2018-04-10 With a foreword by Justice Ruth Bader Ginsburg of the U.S. Supreme Court. An Engaging, Accessible Guide to the Bill of Rights for Everyday Citizens. In *The Bill of Rights: A User's Guide*, award-winning author and constitutional scholar Linda R. Monk explores the remarkable history of the Bill of Rights amendment by amendment, the Supreme Court's interpretation of each right, and the power of citizens to enforce those rights. Stories of the ordinary people who made the Bill of Rights come alive are featured throughout. These include Fannie Lou Hamer, a Mississippi sharecropper who became a national civil rights leader; Clarence Earl Gideon, a prisoner whose handwritten petition to the Supreme Court expanded the right to counsel; Mary Beth Tinker, a 13-year-old whose protest of the Vietnam War established free speech rights for students; Michael Hardwick, a bartender who fought for privacy after police entered his bedroom unlawfully; Suzette Kelo, a nurse who opposed the city's takeover of her working-class neighborhood; and Simon Tam, a millennial whose 10-year trademark battle for his band "The Slants" ended in a unanimous Supreme Court victory. Such people prove that, in the words of Judge Learned Hand, "Liberty lies in the hearts of men and women; when it dies there, no constitution, no law, no court, can save it." Exploring the history, scope, and meaning of the first ten amendments—as well as the Fourteenth Amendment, which nationalized them and extended new rights of equality to all—*The Bill of Rights: A User's Guide* is a powerful examination of the values that define American life and the tools that every citizen needs.

The Federal Reserve System Purposes and Functions Bd of Governors of the Federal Reserve 2002 Provides an in-depth overview of the Federal Reserve System, including information about monetary policy and the economy, the Federal Reserve in the international sphere, supervision and regulation, consumer and community affairs and services offered by Reserve Banks. Contains several appendixes, including a brief explanation of Federal Reserve regulations, a glossary of terms, and a list of additional publications.

Sources of Constitutional Law Sasha Hardt 2014 *Sources of Constitutional Law* contains a selection of constitutions and fundamental legislative instruments from five Western democracies: the United States, France, Germany, the Netherlands, and the United Kingdom. In addition, the book includes the text of the European Convention on Human Rights (ECHR) and the Charter of Fundamental Rights of the European Union. The instruments reproduced in the book are rendered either in the original English, in the official English version, or in new translations under critical editorship. *Sources of Constitutional Law* will permit students of

constitutional law to understand the peculiarities and similarities of different Western constitutions in direct comparison. With its selection of constitutions and legislative instruments, the book is the ideal companion to Intersentia's textbook *Constitutions Compared: An Introduction to Comparative Constitutional Law* (Third Edition). [Subject: Constitutional Law, Comparative Law, Human Rights Law]

John Lewis in the Lead James Haskins 2006 "A biography of John Lewis, Georgia Congressman and one of the 'Big Six' civil rights leaders of the 1960s, focusing on his youth and culminating in the voter registration drives that sparked 'Bloody Sunday,' as hundreds of people walked across the Edmund Pettus Bridge in Selma, Alabama. Includes a note by Congressman Lewis and a timeline"--Provided by publisher.

Locke: Two Treatises of Government John Locke 1967-11-02 Originally published in 1690, this analysis of all of Locke's publications quickly became established as the standard edition of the *Treatises* as well as a work of political theory in its own right.

A People's History of the United States Howard Zinn 2016-02-01 A classic since its original landmark publication in 1980, Howard Zinn's *A People's History of the United States* is the first scholarly work to tell America's story from the bottom up--from the point of view of, and in the words of, America's women, factory workers, African Americans, Native Americans, working poor, and immigrant labourers. From Columbus to the Revolution to slavery and the Civil War--from World War II to the election of George W. Bush and the "War on Terror"--*A People's History of the United States* is an important and necessary contribution to a complete and balanced understanding of American history.

The Broken Constitution Noah Feldman 2021-11-02 The compromise constitution -- The breaking constitution -- The choice of war -- Political prisoners -- Emancipation and morals.

Just Help! Sonia Sotomayor 2022-01-25 From the author of the #1 New York Times bestseller *Just Ask!* comes a fun and meaningful story about making the world--and your community--better, one action at a time, that asks the question: Who will you help today? Every night when Sonia goes to bed, Mami asks her the same question: How did you help today? And since Sonia wants to help her community, just like her Mami does, she always makes sure she has a good answer to Mami's question. In a story inspired by her own family's desire to help others, Supreme Court Justice Sonia Sotomayor takes young readers on a journey through a neighborhood where kids and adults, activists and bus drivers, friends and strangers all help one another to build a better world for themselves and their community. With art by award-winning illustrator Angela Dominguez, this book shows how we can all help make the world a better place each and every day. Praise for *Just Help!*: "Generosity proves contagious in this personal portrait of community service by Supreme Court Justice Sotomayor." --Publishers Weekly "For use in civics units or in lessons on being a good neighbor, this provides wonderful encouragement to show that children can help in big and small ways." --School Library Journal

National Standards for History National Center for History in the Schools (U.S.) 1996 This sourcebook contains more than twelve hundred easy-to-follow and implement classroom activities created and tested by veteran teachers from all over the country. The activities are arranged by grade level and are keyed to the revised National History Standards, so they can easily be matched to comparable state history standards. This volume offers teachers a treasury of ideas for bringing history alive in grades 5-12, carrying students far beyond their textbooks on active-learning voyages into the past while still meeting required learning content. It also incorporates the History Thinking Skills from the revised National History Standards as well as annotated lists of general and era-specific resources that will help teachers enrich their classes with CD-ROMs, audio-visual material, primary sources, art and music, and various print materials. Grades 5-12

Dulan 2008-07-01 We want to give you the practice you need on the ACT McGraw-Hill's 10 ACT Practice Tests helps you gauge what the test measures, how it's structured, and how to budget your time in each section. Written by the founder and faculty of Advantage Education, one of America's most respected providers of school-based test-prep classes, this book provides you with the intensive ACT practice that will help your scores improve from each test to the next. You'll be able to sharpen your skills, boost your confidence, reduce your stress-and to do your very best on test day. 10 complete sample ACT exams, with full explanations for every answer 10 sample writing prompts for the optional ACT essay portion Scoring Worksheets to help you calculate your total score for every test Expert guidance in prepping students for the ACT More practice and extra help online ACT is a registered trademark of ACT, Inc., which was not involved in the production of, and does not endorse, this product.

The Civil Rights Act of 1964 Christine J. Back 2020

Teaching "Night" Facing History and Ourselves 2017-11-20 Teaching "Night" interweaves a literary analysis of Elie Wiesel's powerful and poignant memoir with an exploration of the relevant historical context that surrounded his experience during the Holocaust.

Jim Crow in North Carolina Richard A. Paschal 2020-10

The Kerner Report National Advisory Commission on Civil Disorders 2016-05-10 A landmark study of racism, inequality, and police violence that continues to hold important lessons today The Kerner Report is a powerful window into the roots of racism and inequality in the United States. Hailed by Martin Luther King Jr. as a "physician's warning of approaching death, with a prescription for life," this historic study was produced by a presidential commission established by Lyndon Johnson, chaired by former Illinois governor Otto Kerner, and provides a riveting account of the riots that shook 1960s America. The commission pointed to the polarization of American society, white racism, economic inopportunity, and other factors, arguing that only "a compassionate, massive, and sustained" effort could reverse the troubling reality of a racially divided, separate, and unequal society. Conservatives criticized the report as a justification of lawless violence while leftist radicals complained that Kerner didn't go far enough. But for most Americans, this report was an eye-opening account of what was wrong in race relations. Drawing together decades of scholarship showing the widespread and ingrained nature of racism, The Kerner Report provided an important set of arguments about what the nation needs to do to achieve racial justice, one that is familiar in today's climate. Presented here with an introduction by historian Julian Zelizer, The Kerner Report deserves renewed attention in America's continuing struggle to achieve true parity in race relations, income, employment, education, and other critical areas.

The Pursuit of Justice Kermit L. Hall 2006-12 Reviews and discusses landmark cases heard by the United States Supreme court from 1803 through 2000.

Gaming the Past Jeremiah McCall 2013-06-17 Despite the growing number of books designed to radically reconsider the educational value of video games as powerful learning tools, there are very few practical guidelines conveniently available for prospective history and social studies teachers who actually want to use these teaching and learning tools in their classes. As the games and learning field continues to grow in importance, Gaming the Past provides social studies teachers and teacher educators help in implementing this unique and engaging new pedagogy. This book focuses on specific examples to help social studies educators effectively use computer simulation games to teach critical thinking and historical analysis. Chapters cover the core parts of conceiving, planning, designing, and implementing simulation based lessons. Additional topics covered include: Talking to colleagues, administrators, parents, and students about the theoretical and practical educational value of using historical simulation games. Selecting simulation games

that are aligned to curricular goals Determining hardware and software requirements, purchasing software, and preparing a learning environment incorporating simulations Planning lessons and implementing instructional strategies Identifying and avoiding common pitfalls Developing activities and assessments for use with simulation games that facilitate the interpretation and creation of established and new media Also included are sample unit and lesson plans and worksheets as well as suggestions for further reading. The book ends with brief profiles of the majority of historical simulation games currently available from commercial vendors and freely on the Internet.

The Radical Republicans Hans L. Trefousse 2014-10-29 This is the story of the men who, as political realists, fought for the cause of racial reform in America before, during, and after the Civil War. Charles Sumner, Thaddeus Stevens, Benjamin F. Wade, and Zachariah Chandler are the central figures in Mr. Trefousse's study of the Radical Republicans who steered a course between the extreme abolitionists on the one hand and the more cautious gradualists on the other, as they strove to break the slaveholder's domination of the federal government and then to wrest from the postbellum South an acknowledgment of the civil rights of the Negro. The author delineates their key role in founding the Republican party and follows their struggle to keep the party firm in its opposition to the expansion of slavery, to commit it to emancipation, and finally to make it the party of racial justice. This is the story as well of the tangled relationship of the Radical Republicans with Abraham Lincoln—a relationship of both quarrels and mutual support. The author stresses the similarity between Lincoln's ultimate aims and those of the Radical Republicans, demonstrating that without Lincoln's support Sumner and his colleagues could never have accomplished their ends—and that without their help Lincoln might not have succeeded in crushing the rebellion and putting an end to the slavery. And he argues that by 1865 Lincoln's Reconstruction policies were nearing those of the Radicals and that, had he lived, they would not have broken with him as they did with his successor. Lincoln's assassination left the Radicals with no means to translate their demands into effective action. Their efforts to remake the South in such a way as to secure justice for the Negro brought them into conflict with President Johnson, in whose impeachment they played a leading role. Although they succeeded in initiating congressional Reconstruction and adding the fourteenth and fifteenth amendments to the Constitution, the Radicals lost power after the failure of the Johnson impeachment. Mr. Trefousse shows how, despite their declining influence throughout the 1870s, their accomplishments helped make possible—a century later—the resumption of the struggle for civil rights.

Civics in Action Projects: a Workbook for Civic Engagement iCivics 2020-12

The Dred Scott Case Roger Brooke Taney 2018-02-09 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Remember Toni Morrison 2004 Archival photographs paired with fictional text depicting thoughts and emotions of students who lived through school desegregation capture the spirit, sadness, and struggle of the time.

Reimagining Civic Education Bradley A. Levinson 2007 This volume surveys the new global landscape for democratic civic education. Rooted in qualitative research, the contributors explore the many ways that notions of democracy and citizenship have been implemented in recent education policy, curriculum, and classroom practice around the world. From Indonesia to the Spokane Reservation and El Salvador to Estonia, these chapters reveal a striking diversity of approaches to political socialization in varying cultural and institutional contexts. By bringing to bear the methodological, conceptual and theoretical perspectives of qualitative research, this book adds important new voices to one of education's most critical debates: how to form democratic citizens in a changing world.

Freedom Walkers Russell Freedman 2009-06-03 Covers the events surrounding and including the Montgomery Bus Boycott, the end of segregation on buses.

Our Constitution Donald A. Ritchie 2006 WHY WAS THE CONSTITUTION NECESSARY?--WHAT KIND OF GOVERNMENT DID THE CONSTITUTION CREATE?--HOW IS THE CONSTITUTION INTERPRETED?

Know Your Rights U.s. Attorney's Office 2014-05-27 For more than 200 years, the Constitution of the United States has been a "working" document, maintaining the original principles upon which our nation was founded while, at the same time, changing with the country, as reflected in its amendments. While the U.S. Constitution itself outlines the basic structure of the federal government, its twenty-seven amendments address many subjects but primarily focus on the rights of individual American citizens. This booklet outlines those rights, offering historical context and other information that is both interesting and informative. The continued vitality of our democracy is dependent upon an informed citizenry. Understanding the history of the Constitution and its amendments will assist all of us in more fully appreciating these rights and responsibilities as they have evolved over time. Moreover, such understanding will ensure that these rights will continue to be exercised, valued, and cherished by future generations.

The Voting Rights Act of 1965 United States Commission on Civil Rights 1965

The Federalist Papers Alexander Hamilton 2018-08-20 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Common Sense Thomas Paine 2011-06-01 Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs.
